7. **College update (Dr. Bob Johnson)**
- **COE Picnic:** Cancel class on Friday October 2, and encourage your students to come to the picnic.
- **Budget:** Last year the COE took a $1.5M hit, and suffered a real workforce reduction. Research admins have been reassigned part time to the Departments. The EPIC building budget was cut by $4.7M, so the project is delayed. UNCC is on a 5% reversion of budget, buffered to some extent by enrollment growth funding. Academic Affairs has bailed us out for startup money for new faculty. The State has approved the expansion budget for EPIC - $2M the first year, then $3M afterwards, primarily for faculty positions.
- Research awards in the College went up from $6.1M to $8.2M.
- The Industrial Solutions Lab has 16 funded $5000 projects; many energy related projects.
- We have two new Centers: IDEAS Center, and the Intelligent Energy Systems Center.
- **Swine Flu:** This will hit the state early this winter. Up to half the workforce and students could be away from work. Reporting procedures are being put in place.
- **ABET Self-Study** gets prepared this year. Student work needs to be collected.
- **It is our Strategic Planning year.** The Dean must report to the Provost with the next 5-year plan in December.
